Introduction

This is a Request for Proposal (RFP) to select a contractor to provide outpatient alcohol and drug treatment services for juveniles, through a standard County contract, with the Ventura County Probation Agency (VCPA).

The successful applicant(s) will be expected to work collaboratively with VCPA stakeholders, and juvenile justice partners to enhance community and institutional programming to safely and most effectively service the juvenile population and increase public safety. Services should be designed to screen, assess and treat juveniles for alcohol and drug abuse.

Background

The Ventura County Probation Agency is responsible for supervising juveniles while in custody at the Juvenile Facility and on informal/formal probation out in the community.

Requirements & Scope of Work

(1) Drug and Alcohol Treatment

Applicants would be required to assign clinical staff to provide drug and alcohol treatment, which is defined as intake, screening, assessment, case management and group and individual services to juveniles referred by VCPA, with diagnosable disorder of substance abuse or dependence. Services are required to be offered throughout the County for up to 300 youth assigned to Juvenile Field Services and youth incarcerated in the Juvenile Facility.

(2) Drug and Alcohol Education & Intervention

Drug and Alcohol Education: Is the planned provision of information, resources, and skills relevant to living in a world where alcohol and drugs are widely available and commonly used, some of which may lead to harms such as addiction, overdose or injury. Drug and alcohol education enables children, youth and adults to develop the knowledge, skills and attitudes to appreciate the benefits of living healthily (which may or may not include the use of alcohol and/or psychoactive substances), promote responsibility towards the use of alcohol and drugs and relate these to their own actions and those of others, both now and in their future lives. Intervention is a professionally directed, education process resulting in a face to face meeting of family members, friends and/or employer with the person in trouble with alcohol or drugs. People who struggle with addiction are often in denial about their situation and unwilling to seek treatment.

(3) Treatment Model Requirements

Treatment model and capabilities must include:

Evidence Based Programming

Drug Testing

Crisis Stabilization

Specific Recovery Goals

Physician Directed Treatment Planning

Standardized Assessment

Individual and Group Therapy

Alcohol and Drug Detox

Continuum of Care Management

Quality Assurance Reviews

Clinical Supervision Sessions

Data Collection/Reporting

Counseling staff must be in compliance with state certification standards.

* Please describe the treatment modality that will be used (i.e. abstinence model, Seven Challenges, other) and the proposed dosages.

(4) Background Investigations.

VCPA will conduct a background investigation on all persons who will be working with juvenile clients. All applicants must pass the VCPA background prior to beginning work under a contract.

(5) Juvenile Facilities

Applicants will be required to provide services to youth who are incarcerated in the Juvenile Facilities.

(6) Billing/Invoicing Requirements

Funding for these services will come from various grants and sources. Applicants **MUST** be able to initiate specific billing codes for each line of funding. All billing must be based on fee for service per client, based upon caseload.

(7) Data Reporting Requirements

Applicants must be able to track and report data on a monthly basis as part of the invoicing. Data metrics will include number of patients, type of services provided, client progress, drop-out rates, reasons for drop out, relapse rates, and other data that may be required or useful under each funding source. These may be adjusted from time-to-time.

(8) Confidentiality Requirements

Applicants must be able to keep all client/patient information secure and confidential. Applicants must follow HIPPA rules and regulations for patient/client confidentiality.
